August 22, 2017

Dear Mississippi River Parkway Commission Members:

The City of Lansing would like to express its full support towards the Driftless Area Education and Visitor Center applying to be listed as a destination along the Great River Road.

The City of Lansing recognizes the utmost importance and impact this designation will bring to the success of the Center and the Parkway. The Center will be a remarkable asset to the Great River Road Network and will educate and enrich all visitors along the great Mississippi River.

Once again, we fully support the Driftless Area Education and Visitor Center. We hope that your Board approves the Driftless Area Education and Visitor Center as a premier institution along the Great River Road.

Thank you for your time on this matter.

Sincerely,

Mike Brennan
Mayor, City of Lansing
